INTRODUCTION

The 1970 edition of the Roster of State and Local Officials follows the plan used in previous editions. The penal and correctional institutions are listed under the Department of Correction and the Administrative Unit for Special Institutions is listed under the Board of Health.

With the opening of a new exchange to handle the telephone service of both the State House and the new State Office Building, the publication of telephone numbers of state offices in Indianapolis was discontinued. For information relative to the proper person to call, place your call to 633-4000, as it may then be transferred to the proper individual.

We appreciate the cooperation of state and local officials in supplying the information covering state, county, city and township officers. There is the possibility of some errors in names, addresses and expiration dates for the term of some officials; we have checked the lists with all available sources and feel confident that the listings as printed can be relied upon for all practical purposes.

No attempt is made to arrange major departments, operating units or territorial subdivisions on any basis of legal importance.

The Roster is issued for use by public officials of Indiana and for citizens and institutions having need of the information it contains. Copies will be found in public libraries and in libraries of Indiana colleges and universities.

KENNETH R. BEESLEY State Examiner
